

ALUMINIUM DOOR FURNITURE

"ECU" SUITE

A cost effective suite of silver anodised aluminium furniture for general commercial applications. The 19mm diameter safety style lever handles feature spindle/spindle fixings and are mounted on sprung loaded concealed fixing back plates or round roses both having bolt through fixings.

The pull handles are available either to bolt fix or with concealed face fixing round roses.

In addition to the levers and pull handles the suite includes a range of matching escutcheons to suit lever keys and cylinders and toilet door thumb turn and coin release.
